## Registration Deadline May 21, 2018

Join the 36th Tower Classic Golf Tournament for a day of great golf, contests, refreshments, prizes and giveaways.

TowerCares is pleased to host this year's tournament at Renditions Golf Course in Davidsonville, Md. Opened in 2002, Renditions features replicas of holes from major championship venues, located in a quiet and serene corner of Anne Arundel County. The layout offers a beautiful and challenging course for our business and credit union friends from around the area. We look forward to seeing you there!

Most importantly, 100 percent of all proceeds from sponsorships, donations and a portion of each player's fee will go directly to providing critical resources for children and their families through the Johns Hopkins Children's Center and Children's Miracle Network.

Please make your reservations by May 21, 2018 online at [towercaresfoundation.org/events](http://towercaresfoundation.org/events), returning the enclosed registration form, or calling 301-497-7000, ext. 7444.

### Olivia Cooper

In 2014, a visit to Olivia's pediatrician revealed a large, abdominal lump in her stomach. Within hours, test confirmed a Wilms tumor had taken over her kidney, and doctors admitted her to Johns Hopkins Children's Center to discuss treatment of her stage-four cancer.

3 days later, Olivia underwent a successful surgery to remove a nearly 2 pound tumor and her right kidney.

For the following 7 months, Olivia received chemotherapy at the JHCC.

Today, Olivia is in remission and returns to the JHCC every 3 months for screenings. Olivia is incredibly close to her brother Lucas, and is an absolute sweetheart that shares her love and joy with everyone she meets. She is always eager to give hugs, enjoys doing arts and crafts and loves spending time with her family.

To stay up-to-date on Olivia's journey, you can follow the hashtag her parents have started on all social media platforms #OliviasAwesomeFuture.

Your support of the Tower Classic enables the Children's Miracle Network and the Johns Hopkins Children's Center to help kids like Olivia be kids.

Thank you.
