

STRENGTHENING OUR NATION'S CYBERSECURITY.

CYBER CENTER FOR
EDUCATION & INNOVATION
HOME OF THE NATIONAL CRYPTOLOGIC MUSEUM

NATIONAL CRYPTOLOGIC
MUSEUM FOUNDATION

A PUBLIC-PRIVATE PARTNERSHIP WITH UNPARALLELED CYBER DEFENSE EXPERTISE.

HELP US BUILD THE CYBER WORKFORCE OF TOMORROW.

An opportunity to leverage the unique cyber expertise found in our region.

The CCEI will bring together government, industry, and academic partners and promote the sharing of insight, knowledge, and resources. In doing so, it will act as a catalyst for driving interest and attracting young people to consider careers in the intelligence and cybersecurity fields.

KNOWLEDGE TRANSFER

COLLABORATIVE PARTNERSHIPS

SHARING BEST PRACTICES

ASSURING ECONOMIC & NATIONAL SECURITY

CONNECTING THE PUBLIC TO THE CYBERSECURITY MISSION.

The CCEI will lift the veil on the extraordinary collaborative work performed by the intelligence and cybersecurity communities, and their industry partners.

As a focal point in the National Capital region for cyber threat awareness, information dissemination, policy discussion, and education, the CCEI will advance the public's understanding and appreciation of the vital role the cryptologic and cybersecurity communities play in assuring America's economic and national security, and protecting our nation's critical infrastructure.

"IN 2014, THE AVERAGE COST TO U.S. COMPANIES WHO EXPERIENCED A CYBER ATTACK WAS \$12.7 MILLION. SOME SURVEYED COMPANIES EXPERIENCED LOSSES UP TO \$61 MILLION."

5th Annual Cost of Cyber Crime Study
Ponemon Institute

EDUCATE

The nation's brightest young minds to consider careers in STEM.

STIMULATE

Dialogue about our nation's cybersecurity solutions, issues, and policy concerns.

COMMEMORATE

Those who "served in silence" with valor and distinction.

The CCEI will do more than educate the public about the role of cryptology and cybersecurity in our nation's defense, and stimulate dialogue on security issues and policy concerns. It will celebrate our cryptologic heroes by commemorating and honoring the extraordinary contributions and sacrifices of the individuals who have served within the cryptologic community.

**Join us and get involved today.
Your participation, volunteer leadership,
and support are urgently needed.**
