NCF-CCEI Founders Receive Public Service Medallion

During a recent event for the NCF-CCEI Founders' Group, we were honored to have General Paul M. Nakasone, Commander, U.S. Cyber Command, Director NSA/Chief, CSS in attendance.

GEN Nakasone presented the NCF with the Public Service Medallion for 25 years of support to the Museum. He also discussed how the NCF-NSA Progress Through Partnership efforts will boost NSA's efforts to recruit talent and engage with the public on cybersecurity.

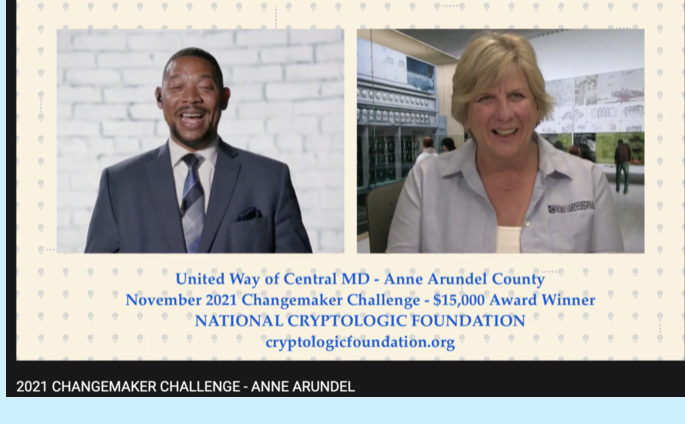

During the event, the Founders and other distinguished guests learned more about our Education Program's successes to include being introduced to the recently finished cybersecurity online video game and the Escape Room.
