### Middle School Cybersecurity Booklet is a GREAT SUCCESS!

We are pleased to announce the completion of the new middle school cybersecurity booklet, *Outsmart Cyberthreats*. We are grateful to **Gula Tech Adventures** for their financial support of this project, and to **Start Engineering** for partnering with us to develop and produce a fantastic resource. Our Education Program partnerships are invaluable!

This needed booklet will begin to evolve the language of cybersecurity to embrace the broader, easier language of "Data Care" developed by Gula Tech.

And it will help students to see themselves within the Data Care industry.
