April 2025 ~ Special E-News

Hello Friend -

We were saddened to hear that Gen Timothy D. Haugh, USAF, and Ms. Wendy Noble were recently removed by the Administration from their positions as National Security Agency (NSA) Director and Deputy Director, respectively.

The NCF had the honor of hosting Gen Haugh as our keynote speaker for the dinner during our March 2025 Convening to Act regarding Artificial Intelligence. During both his keynote and fireside chat, he discussed the importance of incorporating AI into our national security systems. His perspectives as a distinguished leader in cyber were valued by all who attended. We are truly appreciative and honored he dedicated an entire evening to support our joint event.

Both Gen Haugh and Ms. Noble were champions of the NSA-NCF partnership and we appreciate all that they have done to support our mission to continue expanding interest in cyber and cryptology. We wish them both well and are thankful for
